LP LOW PERFORMING

OSR (On-Site Review) Represents results of an on-site review or follow-up review.

APM (Annual Performance Measures) Represents performance measures below standard.

An asterisk (*) indicates that performance measures were not applied to special education or alternative schools. Two asterisks (**) indicate that performance measures were not applied to career-technical institutes.

The pages that follow identify the performance measures and the high quality standards that determined the conditional approval, temporary approval, or nonapproval status for school districts and the exemplary accreditation, Distinction accreditation, conditional accreditation, temporary accreditation, or low performing status for schools.

In assessing the status of schools on the performance measures, the most recent data were reviewed.

Exemplary Accreditation Status.

The following performance measures listed are achieved and all the high quality standards are met.

11.1. All schools will be ranked by the percent proficient in each subject (reading/language arts, math, science, and social studies) including the Writing Assessment. The schools earning the top combined ranking will be eligible for the next step of ranking on a student achievement index. All students in each school will be ranked by a student achievement index in each subject of reading/language arts, math, science, and social studies on the WESTEST and Writing Assessment with progressive weighting for scores at each performance level (.25 for Below Mastery, .5 for Mastery, .75 for Above Mastery, and 1.0 for Distinction) and aggregated for a total ranking. The top ten percent weighted ranking for elementary, middle, and high schools will be designated as Exemplary if other criteria are met.

11.2. The student attendance rate is at or above 94 percent in the most recent year for which data are available.

11.3. The student graduation rate is at or above 85 percent.

11.4. The percentage of graduates of high schools who declare their intent to enroll in college and other post-secondary education is 55 percent.

11.5. The percentage of students who successfully complete Advanced Placement, dual credit, and honors classes as defined in Policy 2510 is at or above five percent in high schools.

11.6. During an Office of Education Performance Audits review, a K-2 school will be assessed to determine if it qualifies as a Distinction/Exemplary School. The review team will examine data presented by the school and determine if the school has 80 percent of the students proficient in reading and mathematics. Data and information to be examined by the review team may include but is not limited to the following: Individual student assessment data in reading and mathematics, research-based practices in reading and mathematics, successful acceleration/remediation programs, a structure to address the needs of special education students, strategies/programs which support a consistent method of teaching writing, and a program of studies aligned with the State curriculum standards.

11.7. Career and Technical Education Schools. Career and Technical Education Schools (hereinafter CTE) Exemplary Schools are those that have met standards on all determiners, and have a school average on State administered end-of-course technical skills tests given to students in that school during the previous school year as determined annually by the West Virginia Department of Education, Division of Technical and Adult Education Services. The determiners are: Academic Skill Proficiency, Technical Skill Proficiency, Placement, and Placement in Field.

§126-13-6. State Annual Performance Measures for School Accreditation Status and School System Approval Status.

6.1. A system of points on an index will be used to assess and weigh annual performance measures for state accreditation of schools and approval of school systems that gives credit or points on an index to prevent any one measure alone from causing a school to achieve less than full accreditation status or a school system from achieving less than full approval status: Provided, That a school or school system that achieves AYP is eligible for no less than full accreditation or full approval status, as applicable, and the system established pursuant to this subsection shall only apply to schools and school systems that do not achieve AYP. The following measures, as may be appropriate at the various programmatic levels, will be applied for the state annual performance measures for schools and school districts that do not meet AYP.

6.1.1. The acquisition of student proficiencies as indicated by student performance and progress on the uniform statewide assessment program in 5.1.1. Percent of students at mastery in reading/language arts, mathematics, social studies, and science will be included. Bonus points for students scoring at or above mastery and Distinction levels will be provided as part of the index.

6.1.2. Writing assessment proficiency results in grades tested.

6.1.3. School attendance rates.

6.1.4. Technology proficiency. (Effective when assessments and data are available.)

6.1.5. Percentage of courses taught by highly qualified teachers.

6.1.6. Percentage of students scoring at benchmarks on the currently tested ACT EXPLORE and ACT PLAN assessments or other comparable assessments, which are approved by the state board and provided by future vendors.

6.1.7. Graduation rates.

6.1.8. Job placement rates for vocational programs.

6.1.9. Percent of students passing end-of-course career/technical tests.

6.1.10. ACT or SAT college entrance examination scores.

6.1.11. Percent of students not requiring college remediation classes. (Effective when data become available.)

6.1.12. Bonus points or credits for subgroup improvement, advanced placement percentages, dual credit completers and international baccalaureate completers.

6.1.13. The Board will annually develop cut scores in a statistically valid and reliable manner from the index to accredit schools that do not make AYP.

Quartile Range Reports Total Index Range

Indicator	
Assessment Indicators	Maximum Points
State assessment reading and English language arts – actual percentage of the All Students (AS) subgroup scoring proficient or above. (One point for each percentage point at mastery or above). For example, if 75% of the AS subgroup score at mastery or above, the school would receive 75 points.	100
State assessment mathematics – actual percentage of the All Students (AS) subgroup scoring proficient or above. (One point for each percentage point at mastery or above). For example, if 75% of the AS subgroup score at mastery or above, the school would receive 75 points.	100
State assessment science – actual percentage of the All Students (AS) subgroup scoring proficient or above. (One point for each percentage point at mastery or above). For example, if 75% of the AS subgroup score at mastery or above, the school would receive 75 points.	100
State assessment social studies – actual percentage of the All Students (AS) subgroup scoring proficient or above. (One point for each percentage point at mastery or above). For example, if 75% of the AS subgroup score at mastery or above, the school would receive 75 points.	100
PLAN scores – actual percentage of students scoring at or above benchmark	100
Explore scores – actual percentage of students scoring at or above benchmark for the composite score.	100

Bonus Points	
Assessment Indicators	Maximum Points
State assessment bonus – actual percentage of the All Students (AS) subgroup scoring <i>above mastery</i> in reading and English language arts multiplied by 2.	200
State assessment bonus – actual percentage of the All Students (AS) subgroup scoring <i>distinguished</i> in reading and English language arts multiplied by 3.	300
State assessment bonus – actual percentage of the All Students (AS) subgroup scoring <i>above mastery</i> in mathematics multiplied by 2.	200
State assessment bonus – actual percentage of the All Students (AS) subgroup scoring <i>distinguished</i> in mathematics multiplied by 3.	300
State assessment bonus for improvement of each subgroup greater than 10 percent in reading and English language arts (minimum “N” of 10)	90
State assessment bonus for improvement of each subgroup greater than 10 percent in mathematics (minimum “N” of 10)	90
Other Indicators	
Attendance – actual rate	100
Graduation Rate – actual rate	100
Percent of courses taught by highly qualified teachers – actual percent	100

Note: Data not available for all indicators listed in Policy 2320; however, will be considered in future years as data are available.

Distinction Accreditation Status.

The school shall be issued distinction accreditation status when the school and student performance is below the criteria for exemplary status but achieves in the upper quartile on the annual performance measures index.

Index Range

Elementary	Middle	Secondary
957 – 752	966 – 770	817 – 639

Full Accreditation Status.

The school's performance and progress meet or exceed the standards adopted by the West Virginia Board of Education.

Index Range

Elementary	Middle	Secondary
751 – 640	768 – 671	633 – 542

Conditional Accreditation Status.

The school's performance and progress are below AYP, but the school's Five-Year Strategic Plan has been revised to improve performance and progress on the standard or standards by a date certain, the plan has been approved by the West Virginia Board of Education, and the school is meeting the objectives and time line in the revised plan.

Temporary Accreditation Status.

The school's performance and progress are below AYP for two or more consecutive years. Schools and county school districts will be notified of any subgroup that initially has not met AYP in one year on any indicator; however, the school/county school district will be considered to have met the AYP standard and will not be identified as a temporary accreditation status school nor will the school/county school district be identified for improvement under §1116(b)(1)(A) NCLB.

Low Performing Status.

13.1. The school falls below the criteria for full accreditation in three of the following performance measures: 5.1.1, student achievement; 5.1.2, participation rate; and 5.1.3, attendance rate or 5.1.4, graduation rate, as applicable.

13.2. The West Virginia Board of Education may determine a school to be low performing when extraordinary circumstances exist. Extraordinary circumstances are conditions that constitute major impediments to the provision of educational programs and services for students. Extraordinary circumstances shall include, but are not limited to, the following conditions.

13.2.1. The failure of a school on temporary accreditation status to obtain approval of its electronic strategic improvement plan within a reasonable time period as defined by the West Virginia Board of Education.

13.2.2. The failure of a school on conditional accreditation status to meet the objectives and time line in the revised plan or to achieve full accreditation by the date specified in the revised plan.

13.2.3. Extraordinary circumstances may also include the following: Physical or other abuse of students; inappropriate suspensions and/or expulsions; misappropriation of funds; misuse of public funds; falsification of reports and/or failure to submit required reports; violation of W.Va. Code and West Virginia Board of Education policies that impact the provision of an appropriate educational program; unhealthy or unsafe conditions for students and/or employees; or failure to provide a high quality and equal educational opportunity for students which can be directly attributed to deficiencies in leadership according to Section 7.12 and to the school's resources in facilities, personnel, curriculum, and/or equipment and materials. (Policy 1340)
